

A quick look demonstrates the obvious: the bipartisan Senate Bill protects and strengthens the Supplemental Nutrition Assistance Program (SNAP), while the partisan House Bill is a direct attack on SNAP.

Senate Farm Bill Provisions

PROTECTS food assistance for eligible households and finds benefit **SAVINGS** through a reasonable program integrity provision, and cuts outside of SNAP.

Allows more states to participate in SNAP employment and training pilots set up in the last bipartisan farm bill.

These changes will encourage innovative solutions to help SNAP participants **GET AND KEEP A JOB**.

2/3 of Senators voted to defeat an amendment that would have **TAKEN AWAY** food assistance from SNAP participants through unrealistic work requirements.

House Farm Bill Provisions

TAKES AWAY FOOD ASSISTANCE from 2 million struggling Americans, including **CHILDREN, SENIORS, and VETERANS**.

Drastically underfunds work programs. This proposal will **FAIL TO HELP PEOPLE FIND JOBS**, take away food assistance from struggling families, and result in an overall drag on economic activity in Arizona and the nation.

Unrealistic rules would **PUT AT RISK** kids, people with disabilities, older workers, and people who are already working but can't get enough hours at work to meet the requirements.

- Covering a basic need like putting food on the table helps you get back on your feet more quickly. SNAP keeps more than 8 million people out of poverty — including nearly 4 million children.
- SNAP supports work. It helps fill gaps for workers with low wages and unsteady hours and helps workers weather tough periods in between jobs. The more a worker earns while they're on SNAP, the smaller their benefits get.
- SNAP is a first responder. It is designed to help people make it through economic downturns and natural disasters, providing critical food assistance to people suddenly in crisis.
- SNAP has long been one of our nation's most powerful and effective poverty-reduction programs.

BOTTOM LINE: SNAP WORKS AND THE SENATE FARM BILL PROTECTS SNAP
